To: Families of Manteca Unified School District Students
RE: Returning student(s) online documents for fall back-to-school

As we approach the end of another successful school year, we have great news to share regarding the start of the 2018-2019 school year. Based on requests from families, the “First Day of School” or high school “Orientation” forms for the 2018-2019 school year will be available in an electronic format through QParentConnection. Updating your child’s information using electronic signatures and simple clicks of a checkbox are part of the 21st Century learning environment we want to provide our community. The electronic option is available in addition to the paper copy.

We have created a series of questions and answers related to this subject.

Families Frequently Asked Questions:

1. What is QParentConnection?
 - a. QParentConnection is an online platform available for all MUSD families to access their student(s) attendance, class schedule, grades, and request progress emails from teachers among many other features.
2. Do I have QParentConnection?
 - a. You may already have access to this information as QParentConnection has been in place for the past five years. However, if you were not able to give an email address when you registered your child, you may not be able to access QParentConnection. Please see FAQ #3.
 - b. You may already have provided your email address but did not login. If you believe you have provided an email address you can do a password reset at <https://www.q.musd.net/parent> and click on the phrase “Need Your Login information”.
3. How do I take advantage of this opportunity for online fillable forms?
 - a. The first step is to share your email with your school site and receive access to QParentConnection during the month of May.
4. What do I need to do once I have shared my email address and received access for my child(ren) to QParentConnection?
 - a. You are ready to update your information or fill out the forms normally available in a packet titled “First Day of School” for K-8 or high school “Orientation” for your returning student online during the open window

of time (explained in detail below). The instructions will be available online at www.mantecausd.net/connect later this month. Check the webpage for updates and all current related information.

5. Do I need to do this right away?
 - a. No. You do not need to fill out the online forms now. Right now, if you think you will be interested in the electronic option, you need to supply your email address to your school site to add to your profile and create a password on QParentConnection.
 - b. The window to fill out the online "First Day of School" or "Orientation" packet will open July 2, 2018 for all returning students. This opportunity will remain open until July 27, 2018.
 - c. To receive their high school schedule, returning students will need to complete the online information prior to the orientation dates at the beginning of the next school year (more details will be available when high school orientation information is mailed home).
 - d. Please note for K-8 students there will be an additional opportunity to confirm your student information or fill out the "First Day of School" packet beginning August 8, 2018 until August 17, 2018.

6. Will all my forms be available?
 - a. No. As we continue to increase the number of electronic forms, there will continue to be some forms specific to each high school or elementary school that are not available online. Therefore, you may still receive information packets mailed home during the summer or in the K-8 schools you may still receive information the first week of school that is required in a paper copy.

MantecaUSD is excited to offer this opportunity to families who prefer an online exchange of information. Thank you for your continued support of our students and their families.

Do you have additional questions?

Ask your school site administration or feel free to contact us through our webpage on www.mantecausd.net/connect

Sincerely,

Roger Goatcher
Deputy Superintendent
