

# MUSD IRRIGATION CONSERVATION

Mandatory lawn watering restrictions specify the days you may water. These days depend on whether your address ends in an odd or even number. **So unless your day and number are up, make sure those sprinklers stay down.**

## know your site's days

NO WATERING ON MONDAYS	
School sites with ODD number addresses	May ONLY water on Wednesday, Friday and Sunday between 8PM and 6AM
School sites with EVEN number addresses	May ONLY water on Tuesday, Thursday, and Saturday between 8PM and 6AM

## Make Every Drop Count!

Additional restrictions include:

- Watering will be reduced to a maximum of 3 days per week.
- No water will be allowed on any day or at any time, for washing off sidewalks, driveways or parking lots.
- No water will be allowed to flow into a gutter or other drainage area for more than 5 minutes.
- Water leaks, breaks or malfunctions in the site's plumbing or irrigation system shall be repaired within 24 hours after discovery.
- Car wash fundraisers prohibited.

**Submit a work order to the Grounds Department, or call 858-0710 or 321-3444 to report any irrigation problems.**

**WE WANT TO HEAR FROM YOU!**
