We are changing how we communicate with you!
Please read the Community Outreach Page for details!

The forms on the back part of the packet will need to be reviewed by the parent/guardian and return with each student within one week of receiving this packet. Thank you!
1. **RIGHT TO REFRAIN FROM HARMFUL OR DESTRUCTIVE USE OF ANIMALS** (Education Code 32255-32255.6, 48980)
   Any pupil with a moral objection to dissecting or otherwise harming or destroying animals, or parts of thereof, shall notify his/her teacher in writing regarding this objection. If the teacher believes that an adequate alternative education project is possible, the teacher may develop with the pupil an alternate avenue for obtaining the knowledge, information, or experience required by the course of study in question. Classes and activities conducted as part of a program in agriculture education that provide instruction on the care, management and evaluation of domestic animals are exempt from these provisions.

2. **DISTRICT DISCIPLINE RULES** (Education Code 35291, 35291.5, 48980, and AR 6145)
   The Board of Education of Manteca Unified School District feels that pupils should be held accountable for their behavior in a positive manner which encourages self-discipline.
   
   Every pupil shall comply with the school regulations, pursue the required course of study, and submit to the authority of the teachers of the school. Every pupil shall attend school punctually and regularly; conform to the regulations of the school; obey promptly all the directions of his/her teacher and others in authority; observe good order and propriety of deportment; be diligent in study; be respectful to his/her teacher and others in authority; be kind and courteous to schoolmates; and refrain from the use of profane and vulgar language.
   
   All pupils shall attend school punctually and regularly; conform to the regulations of the school; obey promptly all the directions of his/her teacher and others in authority; observe good order and propriety of deportment; be diligent in study; be respectful to his/her teacher and others in authority; be kind and courteous to schoolmates; and refrain from the use of profane and vulgar language.
   
   Every teacher and administrator in the public schools shall enforce the course of study, the use of legally authorized textbooks, and the rules and regulations prescribed for the schools. Every teacher and administrator in the public schools shall hold pupils to strict account for their conduct.
   
   Students may be subject to discipline for off-campus misconduct if the misconduct is related to school activity or attendance and causes or is reasonably likely to cause a substantial disruption to school activity. For example, a student using technology such as a home computer, cellular phone, or other electronic device may be disciplined for bullying, engaging in unlawful harassment, or making threats against students, staff, or district property even if such misconduct occurred off-campus and during non-school hours. (Education Code, § 48900(r))
   
   The Board believes that the use or possession of any amount of a controlled substance, as identified in the Health and Safety Code 11053-11058, causes a continuing danger to the physical safety of the pupil. The pupil will be suspended and referred for disciplinary action.
   
   When a pupil’s behavior is such that it keeps others from learning or endangers the well-being of others, that pupil shall be disciplined and may lose his/her educational privileges.
   
   Student participation in extra-curricular activities are pursuant to Administrative Regulation 6145 which states, “Students who are suspended from school for five days and/or suspended twice within a quarter are to be declared "unsatisfactory" with a nine-week loss of privileges commencing from the time of the suspension. These privileges include such activities as: athletics, public performances, field trips, and graduation ceremonies.
   
   Each school shall adopt rules and procedures on school discipline. The principal of each school shall take steps to ensure that these rules and procedures are communicated to continuing pupils at the beginning of each school year, and to new pupils at the time of their enrollment in school.

3. **REQUIRED PARENTAL ATTENDANCE** (Education Code 35291, 48900.1, 48980)
   Current law enables parents/guardians to be absent from work without endangering their employment status in order to attend a portion of their child’s school day at a teacher’s request. Besides furthering improved classroom behavior, such attendance can promote positive parent-child interactions. Whenever a pupil is suspended from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the pupil was suspended may require the pupil’s parent/guardian to attend a portion of a school day in that class. After completing the classroom visit and before leaving the school premises, the parent/guardian shall also meet with the principal or designee.

4. **VISITS TO THE SCHOOL** (Board Policy 1250)
   Persons wishing to visit a class should make arrangements in advance with the teacher and principal or designee for an agreeable time. To ensure the safety of students and staff and avoid potential disruption, all visitors shall register at the school site office immediately upon entering any school building or grounds when school is in session. For purposes of security, the principal or designee shall design a visible means of identification for visitors.
   
   A student is not permitted to leave the school with anyone who has not been clearly identified as the student’s legal parent or guardian, or a person authorized to act on the behalf of the parent or guardian.

5. **ABSENCE FOR CONFIDENTIAL MEDICAL SERVICES** (Education Code 46010.1)
   State law allows for school authorities to excuse any pupil in grades 7 through 12 from school for purposes of obtaining confidential medical services without the consent of the pupil’s parent/guardian. However, the normal procedure in Manteca Unified School District is to make a sincere effort to ensure that parent/guardians are aware of all current concerns with their children and to excuse only those absences certified by the parent/guardian.

6. **ABSENCE FOR RELIGIOUS PURPOSES** (Education Code 46014)
   Pupils may be excused, with written permission from parent or guardian, in order to participate in religious exercises or receive moral and religious instruction away from school property. Every pupil so excused must attend at least the minimum school day. No pupil shall be excused from school for such purpose on more than four days per school month.
MANTECA UNIFIED SCHOOL DISTRICT

7. ABSENCE FOR JUSTIFIABLE PERSONAL REASONS (Education Code 48205)
   Upon prior written request by the parent/guardian, a pupil’s absence may be excused for (3) three days for the following justifiable personal reasons: appearance in court; observation of a holiday or ceremony if his/her religion; employment interview or conference; when a student is the custodial parent of a child who is ill or has a medical appointment during school hours; attendance at a funeral for other than a member of the student’s immediate family; attendance at funeral services for a member of the immediate family (one day if the service is conducted in California and not more than three days if the service is conducted outside California); college visit-senior year, and Take Your Son or Daughter to Work Day. A pupil absent under this section shall be allowed to complete all assignments and tests missed during the absence which can be reasonably provided, and, upon satisfactory completion, shall be given full credit.

8. AVAILABILITY OF HOME/HOSPITAL INSTRUCTION FOR PUPILS WITH TEMPORARY DISABILITIES (Education Code 48206.3, 48207, 48208)
   A pupil with a temporary disability who is in a hospital or other residential health facility, excluding a state hospital, which is located outside of the School District in which the pupil’s parent(s) or guardian(s) resides shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.
   It shall be the primary responsibility of the parent(s) or guardian(s) of a pupil with a temporary disability to notify the school district in which the pupil deemed to reside pursuant to Section 48207 of the pupil’s presence in a qualifying hospital.

9. HOMELESS STUDENTS (McKinney-Vento Act)
   The term “homeless children and youth” means individual who lack a fixed, regular, and adequate nighttime residence. This definition includes: children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; children who may be living in motels, hotels, trailer parks, or shelters; children/youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; children/youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, or migratory children who qualify as homeless because they are children who are living in similar circumstances listed above. Homelessness is defined in a number of ways. Please consult with school site staff regarding the McKinney-Vento Act or contact Homeless Liaison, Coordinator of Health Services, (209) 858-0782.

10. ATTENDANCE OPTIONS (Education Code 35160.5, 48980(g))
    Every attempt is made to have space available for pupils at their school of residence. If space is not available, pupils will be transported at District expense, if transportation is required per District busing policy, to an “overflow” school.
    Pupils who reside within the MUSD boundaries may apply for enrollment in any District school through the Open Enrollment process. An unbiased selection process is used for the admission of pupils from outside a school’s attendance area. Applications are available at all school sites only during the Open Enrollment period.
    Applications for an Open Enrollment request for high school pupils and for eighth grade pupils who will go to high school are to be submitted to the home high school during the month of January for possible placement for the fall semester of the next school year.
    Open Enrollment Request forms are to be submitted to the schools of residence during the month of January for possible placement for the fall semester of the following school year.
    Parents of pupils who will be in the grades one through twelve will be notified of the status of their Open Enrollment Request form prior to the beginning of the school year.
    Before the beginning of each year, school principals will determine if space is still available for all Open Enrollment pupils. If space is not available, pupils will be referred back to their school of residence.

11. AVAILABILITY OF EMPLOYMENT-BASED SCHOOL ATTENDANCE OPTIONS (Education Code 48204, 35160.5)
    Manteca Unified School District (MUSD) Board Policy 5118.2, authorizes and establishes procedures for admission and attendance of contracted District employees’ children at MUSD from the students’ district of residence. Contracted employees of MUSD may request inter-district transfers for their children and will be given priority for enrollment at a site where space is available should the district of residence give approval for the transfer. Enrollment of an employee’s child shall not displace attendance of a resident student.

12. SEXUAL HARASSMENT POLICY AS RELATED TO PUPIL (Education Code 48900.2)
    It is the policy of the Manteca Unified School District to strictly prohibit sexual harassment by any pupil, or employee. Sexual harassment is forbidden by both state and federal law. Disciplinary action will be taken against persons found in violation.

13. PUPIL RECORDS—PRIVACY RIGHTS AND DIRECTORY INFORMATION (Education Code 49061, 49063, 49068, 49069, 49070, 49073, 49076)
    A parent or guardian has the right to inspect and review during school hours all records relating directly to their child within five (5) days of the written request to the school principal. The types of educational records maintained by the District include attendance, achievement, conduct, test scores, etc. The principal of each school is responsible for maintenance of such pupil records.
    Records are reviewed by site administrators, certificated staff and other school officials, employees, persons or agencies, having a legitimate educational interest. Decisions to expunge such records shall be made to the site administrator. In addition to those listed above, others who may review records include officials or employees of other school systems where educational programs leading to high school graduation are provided, federal, state, and local officials as needed for program audits and legal compliance, the district attorney for truancy mediation, and a prosecuting agency under circumstances. The District may also release information from records to appropriate persons in emergencies, agencies and organizations in connection with pupil application for financial aid, accrediting associations, organizations conducting studies on behalf of educational institutions as limited by Education Code 49076 or other educational institutions subject to parents’ rights as provided in Education Code 49068.
    Additionally, Section 9528 requires that parents be notified that the school routinely discloses names, addresses, and telephone numbers to military recruiters upon request, subject to a parent’s request not to disclose such information without written consent. A single
notice provided through a mailing, student handbook, or other method that is reasonably calculated to inform parents of the above information is sufficient to satisfy the parental notification requirements of both FERPA and Section 9528.

A log is maintained for each pupil’s record which lists all persons, agencies or organizations requesting or receiving information from the record and the interests thereof. Such log is located at each school and open to inspection by a parent or guardian.

Parents and guardians have the right to know the names and positions of persons who have had access to a pupil’s records and the purposes for which they had access.

Parents and guardians have the right to authorize the release of educational records to themselves. Only custodial parents and guardians may authorize the release of educational records to others.

Custodial parents and guardians have the right to challenge the content of pupils’ records and to know the procedure for such.

Reproduction of pupil records for parents or guardians will be charged at a rate of ten cents per page.

When there is a good reason to believe that a child may have a recognized contagious or infectious disease, the pupil may be sent 

Varicella. All new admissions to a school will be required to meet the July 2019 immunization requirements.

Effective July 1, 2019, all students entering seventh grade will be required to present documentation of a Tdap Booster and a second 
decrease requirements for the program; how the program meets the objectives of the student’s IEP, if applicable, and; parent options for 
removing a student from a program and/or declining initial enrollment. (Section 1112(e) (3)(A) of the ESEA, as amended by ESSA)

The information provided above is available upon request from each child’s school or the district office. Additional notices that may be required shall be sent separately. (20 U.S.C. § 6301 et seq.)

14. LIMITED ENGLISH PROFICIENT STUDENTS

The Act requires notice be given to parents of limited English proficient students regarding limited English proficiency programs, not later than 30 days after the beginning of the school year (or, for students identified later in the school year, within two weeks). Notice includes: the reasons for the identification of the student as limited English proficient; the need for placement in a language instruction educational program; the student’s level of English proficiency and how such level was assessed; the status of the student’s academic achievement; the methods of instruction used in the available programs; how the recommended program will meet the student’s needs; the exit requirements for the program; how the program meets the objectives of the student’s IEP, if applicable, and; parent options for 

removing a student from a program and/or declining initial enrollment. (Section 1112(e) (3)(A) of the ESEA, as amended by ESSA)

The information provided above is available upon request from each child’s school or the district office. Additional notices that may be required shall be sent separately. (20 U.S.C. § 6301 et seq.)

15. IMMUNIZATIONS AND CONTROL OF COMMUNICABLE DISEASES (Education Code 49403, 49451, H.S.C. Chapter 7, Section 3380, Division 4 and Chapter 291, Statues of 1995)

State regulations specify that pupils provide a written immunization record signed by a physician, nurse or health department showing the month and year of each required vaccine dose. These records must show that pupils have received all currently due immunizations required in order to be admitted to school. Pupils not meeting state requirements will be referred to their health provider or the local health department for immunizations prior to admittance.

Effective July 1, 2019, all students entering seventh grade will be required to present documentation of a Tdap Booster and a second Varicella. All new admissions to a school will be required to meet the July 2019 immunization requirements.

When there is a good reason to believe that a child may have a recognized contagious or infectious disease, the pupil may be sent home and shall not be permitted to return to school until school authorities are satisfied that any contagious or infectious disease is being treated or does not exist.

Any questions should be addressed to the Coordinator of Health Services at the (209) 858-0782.

16. NOTICE REGARDING IMMUNIZATION RECORDS

As required by Health and Safety Code Section 120440, the School District may share some information on your child with the local health department immunization registry and the state health department, unless you refuse to allow this. The registry may share this information with other doctors, clinics, or hospitals your child goes to for care, if they ask for it. The only information we will share is: 1) you and your child’s name; 2) your child’s birthplace; 3) vaccines he or she has received; 4) any serious reaction he/she had to vaccine; 5) your address and phone number, and other non-medical information if needed to make sure it is the correct person’s record. The doctors, clinics, or hospitals which receive this information can use to: 1) help in deciding what vaccines your child needs; 2) phone or send you a reminder when a vaccine is due, and, 3) tally numbers of patients who are or are not up to date on their vaccines (without patient names, addresses etc., included).

The registry may also share the same information, without address or phone number, with the following if they request it: 1) schools; 2) child care centers; 3) WIC supplemental food clinics; 4) CalWORKs public assistance program; 5) health care plans; and 6) other persons or entities when disclosure is otherwise specifically authorized by law. These persons and entities can use that information only for the reasons listed above, and, a) for schools or child care centers, to help you prove your child has had the vaccines required for entry; b) for WIC clinics, to let you know if your child has vaccine doses due; and, c) for health care plans, to help process insurance payments. All of these people and groups listed above who ask for and get this information are required by law to keep it confidential and use it only for the reasons listed above.

In addition, you have the following rights: 1) to refuse to have us share any of this information now or at any time; 2) to refuse to get reminder notices when vaccines are due; 3) to look at your child’s record at the health department registry and correct any errors; and, 4) to get the names and addresses of anyone with whom this information is shared.
17. ADMINISTRATION OF MEDICATION AT SCHOOL (Education Code 49423) and NOTICE TO SCHOOL OF NON-EPISODIC CONDITION (Education Code 49480)

State law requires that the parents/guardians notify the school if their pupil is on a continuing medication regimen for a non-episodic condition (i.e. asthma, diabetes, epilepsy, hay fever, attention deficit disorder, etc.) If the medication is to be administered at school during the school day, the school must receive: (1) a written statement from the physician detailing the method, amount, and time schedules by which the medication is to be taken; (2) a written statement from the parent/guardian of the pupil indicating the desire for school personnel to assist in the administration of medication in the manner set forth in the physician’s statement; and (3) the medication in the original pharmacy labeled container. Parental permission may be requested for the school nurse to communicate with the physician and to advise school personnel regarding the condition of the student and possible effects of the medication on the child. A form for the physician and parent requests is available from the school office and the District website. It must be returned completely filled out prior to the administration of any medication.

Non-prescription medications such as aspirin, Tylenol, etc., may only be administered at school if the same requirements outlined for prescription medications are followed. Students may not have any medication in their possession unless the physician and parent/guardian request specifically state the need, and the principal and school nurse agree. As a parent/guardian, you have the right to bring medication to school and administer the medication to your child.

18. REFUSAL TO CONSENT TO PHYSICAL EXAMINATION (Education Code 49451) VISION, HEARING, AND SCOLIOSIS SCREENING (Education Code 49452, 49456)

State law requires schools to conduct vision, hearing and scoliosis screening examinations of pupils at specified grade levels. When a defect or possible abnormality is suspected, the parent/guardian will be notified in writing and asked to take the pupil to an appropriate health care provider for further evaluation and recommendations. Parents are encouraged to communicate those results with the school office staff or school nurse. A parent may request in writing that their child be exempt from these assessments.

A parent/guardian may file a written notice annually with the principal of the school stating that consent to a physical examination is not granted, and the pupil will be excused from screening tests. Likewise, a parent/guardian may request the teacher to refer his/her child to participate in a screening examination at any grade level.

19. AVAILABILITY OF INSURANCE PLAN (Education Code 49470-49473)

The medical/dental costs of pupil accidents are normally the responsibility of the parent(s) or legal guardian(s). Pupil accident insurance solves many problems in advance. The School District does not carry insurance to pay for the cost of treatment for students injured on school grounds while under school supervision or while participating in school-sponsored activities. Parents are responsible for providing medical/dental care and health insurance for their children.

Every year, Manteca Unified School District provides parent(s) or legal guardian(s) with applications for school-time accident insurance. The contract is made between the parent(s) or legal guardian(s) and the insurance company. The Manteca Unified School District only supplies the application forms. This low-cost insurance helps pay for the medical/dental costs if a child is injured while under the jurisdiction of the school. The principal of your child’s school will provide you with further information if you so desire. Please contact your school site for more information. You may also call Health Services at (209) 858-0782 for assistance in Covered California applications, and no cost plan eligibility.

20. PUPIL FEE

A pupil enrolled in a public school must not be required to pay a pupil fee for participation in an educational activity. (Education Code, § 49011)

(a) The following requirements apply to prohibited pupil fees:

1) All supplies, material, and equipment needed to participate in educational activities must be provided to pupils free of charge.
2) A fee waiver policy shall not make a pupil fee permissible.
3) School districts and schools shall not establish a two-tier educational system by requiring a minimal educational standard and also offering a second, higher educational standard that pupils may only obtain through payment of a fee or purchase of additional supplies that the school district or school does not provide.
4) A school district or school shall not offer course credit or privileges related to educational activities in exchange for money or donations of goods or services from a pupil or a pupil’s parents or guardians, and a school district or school shall not remove course credit or privileges related to educational activities, or otherwise discriminate against a pupil, because the pupil or the pupil’s parents or guardians did not or will not provide money or donations of goods or services to the school district or school.

(b) Solicitation of voluntary donations of funds or property and voluntary participation in fundraising activities are not prohibited. School districts, schools, and other entities are not prohibited from providing pupils prizes or other recognition for voluntarily participating in fundraising activities. (Education Code, § 49010 et seq.)

A complaint of noncompliance may be filed under the District’s Uniform Complaint Procedures and Title 5 of the California Code of Regulations. (Education Code, § 49013)

21. FREE AND REDUCED PRICE MEALS (Education Code 49510-49520)

Applications for free and reduced-priced meals are available at each school office or in the Nutrition Education office. Online applications may be submitted at www.musdnutrition.net.

State law requires that school districts ensure that all pupils in grades 7 through 12 receive AIDS prevention instruction at least once in junior high or middle school, and at least once in high school.

The law requires trained instructors to use age-appropriate instructional materials that accurately reflect the latest information and recommendations from the United States Surgeon General, Federal Centers for Disease Control and Prevention, and the National Academy of Sciences, and include the following:

- The instruction shall also include statistics based upon the latest medical information citing the failure and success rates of condoms and other contraceptives in preventing sexually transmitted HIV infection and information on other methods that may reduce the risk of HIV transmission from injected drug use.
- d) Discussion of the public health issues associated with AIDS.

In accordance with uniform complaint procedures, whenever all parties to a complaint agree to try resolving their problem through mediation, the Superintendent or designee shall initiate a mediation process before beginning a formal investigation. In this process, the complainant and representatives of the District will be given the opportunity to present evidence. Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of the lack of evidence to support the allegation. The Superintendent or designee shall ensure that mediation results are consistent with state and federal laws and regulations, and do not extend the timeline for investigation unless the complainant agrees, in writing, to the extension.

Formal Complaint Procedures:

A complaint may be submitted to the Complaint Compliance Officer. The complaint must specify the law or policy which has been alleged to be violated. The Complaint Compliance Officer will ensure that the person(s) responsible for compliance and/or investigations are knowledgeable about the laws/programs they have been assigned to investigate. The Complaint Compliance Officer will acknowledge receipt of the complaint and refer it to the appropriate office for investigation. The appropriate office will review the complaint to determine if it falls under the Uniform Complaint Procedure. The complainant and District representatives will be given the opportunity to present evidence during the investigation.

A refusal by the Local Education Agency (LEA) to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Within sixty (60) calendar days of the receipt of the written complaint, the District’s designated person shall submit a written decision to the complainant. This timeline may be extended with the written approval of the complainant. The report shall contain the following required components: 1) written in English and in the primary language of the complainant as required by Ed Code 48985, 2) findings of fact based upon evidence gathered, conclusion of law, and disposition of the complaint, 3) corrective actions (if any), 4) rationale for disposition, 5) notice of complainant’s right of appeal to the California Department of Education within 15 days of the receipt of the District’s decision, 6) for discrimination complaints, notice of the right to seek civil law remedies no sooner than sixty (60) days after filing an appeal with the California Department of Education.
Civil Law Remedies:
Complainants shall be advised that they have the right to pursue civil law remedies under state and federal discrimination laws regarding any program issues at any time if they are dissatisfied with the District’s decision.

The Complaint Compliance Officer will assure the annual dissemination of complaint procedures to students, employees, parents/guardians, District and school site advisory committees, appropriate private school officials or representatives, and other interested parties. He/she will also ensure that the person(s) responsible for compliance and/or investigations are knowledgeable about the laws/programs they are assigned to investigate. The Board acknowledges and respects pupil and employee rights to privacy.

Complaints shall be investigated in a manner that protects the confidentiality of the parties and the facts. This includes keeping the identity of the complainant confidential except to the extent necessary to carry out the investigation or proceedings, as determined by the Complaint Compliance Officer or designee on a case-by-case basis. Complaint Compliance Officer: Dante Alvarez, Director of Certificated Personnel (209) 858-0864.

38. WILLIAMS ALTERNATIVE UNIFORM COMPLAINT POLICY (visit the website for more information about Williams Act)

The Governing Board recognizes that the District is responsible for providing all students, including English learners, with standards-aligned, state/district adopted textbooks or instructional materials in good condition, facilities that are safe, clean and in good repair for students and staff, and for ensuring that all teachers are qualified for their respective assignments in both subject matter competency and training/credentials to teach English learners.

The District shall follow alternative uniform complaint procedures when addressing complaints that may arise in these areas. The Board encourages the early, informal resolution of complaints at the site level whenever possible.

The Board acknowledges and respects every individual’s right to privacy. Complaints shall be investigated in a manner that protects the confidentiality of the parties and the facts. This includes keeping the identity of the complainant confidential except to the extent necessary to carry out the investigation or proceedings, as determined by the Complaint Compliance Officer or designee on a case-by-case basis.

The Board prohibits retaliation in any form for participating in a complaint procedure. Such participation shall not in any way affect the status, grades or work assignments of the complainant. If a complainant is not satisfied with the resolution of the complaint, he/she may describe the complaint to the Governing Board at a regularly scheduled hearing.

For complaints concerning a facility condition that poses an emergency or urgent threat to the health or safety of students, a complainant who is not satisfied with the resolution proffered by the principal, Superintendent, or designee, may file an appeal to the Superintendent of Public Instruction within fifteen (15) days of receiving the resolution report. Complainant shall comply with the appeal requirements of Section 4632.

The Superintendent or designee shall report summarized data on the nature and resolution of all complaints on a quarterly basis to the Board and the County Superintendent of Schools. The report shall include the number of complaints by general subject area with the number of resolved and unresolved complaints. These summaries shall be publicly reported on a quarterly basis at a regularly scheduled Board meeting.

39. CONTINUED EDUCATION OPTIONS FOR JUVENILE COURT SCHOOL STUDENTS (Education Code § 48645.3(a), 48645.7)

A juvenile court school student, or the person holding the right to make educational decisions for the student, may voluntarily defer or decline issuance of their diploma until after the student is released from the juvenile detention facility, thereby allowing the student to take additional coursework at a local education agency. The county office of education will notify the student, the person holding the right to make educational decisions for the student, and the student’s social worker or probation officer of all of the following:

a. The student’s right to a diploma;

b. How taking coursework and meeting other educational requirements will affect the student’s ability to gain admission to a post-secondary educational institution;

c. Information about transfer opportunities available through the California Community Colleges; and

d. The option to defer or decline the diploma and take additional coursework.

40. FINGERPRINTING PROGRAM (Education Code 32390)

The School District does make available a fingerprinting program for children enrolled in kindergarten or newly enrolled pupils in the District. Interested parents should contact the site principal.

41. SEXUAL HARASSMENT-PUPILS (Education Code 48900.2)

The Governing Board is committed to maintaining a learning environment that is free of harassment and false allegations of harassment. The Board prohibits the unlawful sexual harassment of any pupil by any employee, pupil, or other person at school or at any school-related activity.

The Superintendent or designee shall ensure that pupils receive age-appropriate information related to sexual harassment. Pupils shall be assured that they need not endure any form of harassment because of or about sexual orientation. They shall further be assured that they need not endure, for any reason, any harassment which impairs the education environment or a pupil’s emotional well-being at school. They shall be informed that they should immediately contact the principal or designee if they feel they are being harassed.

Any pupil who engages in the sexual harassment of anyone at school or a school-related activity shall be subject to disciplinary action up to and including expulsion. Any pupil who engages in false accusations of sexual harassment of anyone at school or at a school-related activity shall be subject to disciplinary action up to and including expulsion.

Any employee who engages in, permits or fails to report sexual harassment shall be subject to disciplinary action up to and including dismissal. In addition, criminal or civil charges may be brought against the alleged sexual harasser. Sexual harassment also may be considered a violation of laws relating to child abuse. Staff shall immediately report complaints of sexual harassment to the principal or designee or to another District administrator. Staff shall similarly report any such incidents they may observe, even if the harassed pupil has
not complained. The principal or designee shall promptly investigate each allegation of sexual harassment in a way that ensures the privacy of all parties concerned. In no case shall the pupil be required to resolve the complaint directly with the alleged offending person.

If a properly reported situation involving sexual harassment is not promptly investigated and remedied by the principal or designee, a complaint of harassment may be filed in accordance with the District’s Uniform Complaint Procedures or procedures for complaints concerning District employees. The Complaint Compliance Officer or designee shall determine which procedure is appropriate.

The District prohibits retaliatory behavior against any complainant or any participant in the complaint process. Information related to a complaint of sexual harassment shall be kept confidential to the extent possible, and individuals involved in the investigation of such a complaint shall not discuss related information outside the investigation process. The individual who has a complaint filed against him/her shall be advised of the alleged complaint and of the complainant, unless there are compelling reasons to not disclose the name.

Pupils may obtain procedures for reporting charges of Sexual Harassment and pursuing remedies from the school principal and or by contacting the Complaint Compliance Officer: Dante Alvarez, Director of Certificated Personnel (209) 858-0864.

42. SCHOOL ACCOUNTABILITY REPORT CARD (Education Code 35256, 35258)

The School Accountability Report Card, or SARC, is an annual report that provides information to parents and the community about the overall performance of your child’s school including demographics, student testing, teacher qualifications, textbook sufficiency, school finances, and school safety. SARC’s for Manteca Unified schools are available by selecting the appropriate link on the MUSD SARC webpage at http://www.mantecausd.net/about-musd/sarc-reports. You may also find SARC’s by typing a school’s name in the search box at the California Department of Education’s SARC website at http://www.sarconline.org/. A paper copy of the SARC may be requested from your school principal.

43. INFORMATION REGARDING PROFESSIONAL QUALIFICATIONS OF TEACHERS, PARAPROFESSIONALS & AIDES

Upon request, parents have a right to information regarding the professional qualifications of their student’s classroom teachers, paraprofessionals, and aides. This includes whether the teacher meets the state qualifications and licensing criteria for the grades and subjects he/she teaches, whether the teacher is teaching under an emergency permit or other provisional status because of special circumstances, the teacher is teaching in the field of discipline of the certification of the teacher, and whether any instructional aides or paraprofessionals provide services to the parents/guardians child and, if so, their qualifications. (Section 1112(c)(1)(A) of the ESEA, as amended by ESSA)

44. CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (Education Code 60615)

Students in Manteca Unified School District, along with public school students throughout California, participate in the California Assessment of Student Performance and Progress (CAASPP), the state academic achievement testing system. CAASPP is intended to provide information to teachers, parents/guardians, and students that can be used to monitor student progress and readiness for college and careers. If you would like more information, please visit the California Department of Education’s CAASPP System webpage at http://www.cde.ca.gov/ta/tg/ca/ or the MUSD CAASPP webpage at http://www.mantecausd.net/community/families/caaspp-state-testing. Please contact your child’s school if you have any questions about your child’s participation.

Beginning with the 2018-19 school year, CAASPP paper student score reports will no longer be provided by the California Department of Education. So, instead of mailing score reports as in past years, MUSD will offer confidential online CAASPP student score reports through the district’s secure Parent Connect website. Once a Parent Connect account is set-up, parents will be able to quickly view, download, or print their child’s online score report along with other important information. Parents may also contact their child’s school office to request a paper copy of the report or if they need assistance setting up a Parent Connect account.

[MUSD, in compliance with the federal Every Student Succeeds Act (ESSA) and state guidelines, does not encourage parents/guardians to exempt students from participating in CAASPP assessments but only wishes to inform all parents of their right as noted below.]

All students are encouraged to participate in CAASPP since results provide valuable information about student progress for both parents and teachers. However, parents/guardians may request that their child not be tested with any CAASPP assessment in any content area. A written request must be submitted annually to the student’s school prior to testing. The written request must include the student’s name, school, grade, and specific tests to be exempted. The request must be signed and dated. Stating a reason for the request is not required. Per state guidelines, if the request is received after testing has begun, any test items already completed will be scored with results reported.

45. INTERNET POLICY (Education Code 51870.5)

Manteca Unified School District is in compliance with the “Children’s Internet Protection Act, (CIPA)” passed by Congress in 2000. Although Manteca Unified does not have complete control of access to the Internet or control of information on the Internet, we have enacted filter blocking for all web traffic on the Internet. We have trained all staff that use the Internet for proper use, exercising vigilance when working with students, and obtaining written consent and waiver from parents and guardians of students who access the Internet. We make no guarantees of any kind, whether expressed or implied, for the Internet services we are providing.

46. LEAVING SCHOOL GROUNDS (Education Code 44808.5)

Pupils enrolled at the five comprehensive high schools are permitted to leave the school grounds during the lunch period if they meet all site requirements. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such times as the pupil has left the school grounds.
47. SCHOOL BUS RIDER RULES AND INFORMATION (Education Code 39831.5)

Transportation may be furnished by the School District to students who live outside the non-bus zones providing funds and buses are available. The Transportation Department shall use the following radius as a basis for identifying non-busing zones:

- Grades K-8th - 1.25 miles
- Grades 9-12th - 2.25 miles

Students must live outside the no-busing zone in order to receive home to school transportation services. The Superintendent or designee may authorize transportation within the no-busing zone when special problems or hazards exist.

Transportation will be provided for pupils enrolled in certain special education programs or for physically disabled students.

Attending Schools Outside of the Attendance Area/Open Enrollment

Transportation is provided to students who are enrolled in a Special Education or vocation/technical programs that are not offered at their local school. Pupils who attend a school outside of their attendance area through the Open Enrollment program must provide their own transportation to and from school.

School Bus Routes and Stops

School bus routes are established to provide safe, reliable and efficient transportation service to the students of the District. School bus stops are established in compliance with Title 13 CCR 1238.

The school secretary can give you information on the bus stop for your child, or you can call the Transportation Department at (209) 858-0708.

Students must arrive at the bus stop five (5) minutes prior to the scheduled departure time. Buses are scheduled to run on a fixed time schedule. The bus cannot wait for students who arrive late to the bus stop. If the bus is late, please be patient. Trains and other traffic conditions can delay the bus and cause it to run behind schedule. If the bus has not arrived within 15 minutes following the scheduled departure time, you can call the school or the District transportation department to receive information.

School Bus Rules

When walking to or from the bus stop, pupils are expected to:
- Cross streets at corners and use crosswalks.
- Arrive at the bus stop five (5) minutes prior to departure time.
- Refrain from standing or playing in the roadway while waiting for the bus.
- Remain in line at least twelve (12) feet from the bus when it stops to pick up passengers, and not move toward the bus until the door is open.
- Be ready to board the bus without delay.
- Respect the property of residents around the bus stop.
- Refrain from crossing the street except in front of the bus with the bus driver and red lights in operation.

While riding the bus pupils are expected to:
- Follow directions of driver per Title V, CCR Section 14013, Authority of Driver.
- Not bring animals, insects, reptiles, alcoholic beverages, firearms, or explosives on the bus.
- Ride only the bus that is assigned to their route.
- Conduct themselves in an acceptable manner. Vulgarity and boisterous conduct will not be tolerated.
- Refrain from blocking the aisle or emergency door with musical instruments, lunch boxes, books or other possessions.
- Refrain from extending arms, heads, or any objects from the bus window.
- Be quiet when approaching a railroad track.
- Refrain from eating, drinking or smoking on the bus.
- Refrain from damaging or defacing any part of the bus and keep the area around them clean and free from litter.
- Board/depart the bus at their designated stop only, unless they have a written permission slip signed by both their parent/guardian and the school office.
- Abide by bus rules at all times.

In the event a student fails to follow the rules of conduct, a Notice of Unsatisfactory Conduct on the School Bus will be issued to that student. The parent/guardian signature on the form will affirm parental notification that the student is not following the rules of bus-related conduct.

Red Light Crossing Instructions

The school bus driver shall escort the students when they need to cross a highway or private road upon which the school bus is stopped, except at a location where traffic is controlled by a traffic officer or official traffic control signal. The driver shall ensure that students are crossed in compliance with CVC 22112.

Video Surveillance Systems

Video surveillance systems may be used on school sites and school buses to monitor student behavior. The Board believes that such monitoring will deter misconduct and help to ensure the safety of students and staff.

Danger Zone

The DANGER ZONE is the immediate area 12-feet around the bus. In the DANGER ZONE, the bus driver cannot see you. If the bus starts moving while you are in the DANGER ZONE, you could be injured. If this occurs, move away from the bus and get the driver’s attention. NEVER try to retrieve items from under the bus.
Reduced Visibility

During periods of reduced visibility (200 feet or less), delays in home- to-school transportation service may be required. When the transportation system is delayed, notifications are made to parents by an automated telephone message and through local radio stations. An informational flyer is sent home with the students each year in the month of September asking parents to sign up for this service and indicating the radio stations that will be used.

48. PESTICIDE USAGE (SB 2260, Education Code 48980.3)

Every six months an Asbestos District representative completes the six-month AHERA inspection. The District typically does asbestos abatement each year. If you would like to obtain more information about asbestos abatement at your school site, call the Maintenance Department at (209) 858-0711.

A list of the pesticides currently used by the School District can be found on the following page. The following information on pesticide usage in Manteca Unified School District is provided to parents as required by the Health Schools Act of 2000: 1) Manteca Unified School District makes every attempt to avoid the use of pesticides on school grounds. In the event that pesticide usage does become necessary, the following list (next page) represents those pesticides that may be used during the 2019/2020 school year; 2) You may access the Department of Pesticide Regulation website at www.cdpr.ca.gov to obtain information on pesticides and pesticide use reduction; and, 3) If you would like to receive notification of individual pesticide applications, you must complete the form entitled “Pesticide Application Notification.” The form can be obtained from any school administration office or the Manteca Unified School District Office, 2271 West Louise Avenue, Manteca. **Electronic Signaling and Communication Devices** (Board Policy 5131)

The Manteca Unified School District Governing Board allows pupils to possess and use electronic signaling and communication devices while on campus before and after school. All electronic signaling and communication devices will be in the “off” mode and out of sight while being transported by District-operated vehicles, and during school hours including instructional time, lunch, brunch, breaks, passing periods, rallies, assemblies, and other school activities during the instructional day, for all grades K-12.

Students may not capture photographic or digital images while on school property during the school day without the express permission of the principal or designee.

Students and parents are to be advised that the District is not responsible for the theft or loss of students’ electronic devices.

**STUDENT DRESS**

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

The following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Sandals must have heel straps. Flip flops or backless shoes or sandals are not acceptable.
   Open toe sandals with a back strap may be worn. High school students may wear flip flops unless otherwise required for instructional programs. Policies/programs may be established for instructional programs requiring closed toe shoes such as PE, ROP/Career & Technical, and Science.
2. Clothing, grooming, accessories, jewelry, and personal items (backpacks, gym bags, water bottles, etc.) shall be free of writing, pictures, symbols, or any other insignia which are crude, vulgar, profane, obscene, libelous, slanderous, lewd or sexually suggestive. Clothing that degrade any cultural, religious or ethnic values or which advocate racial, ethnic, or religious prejudice or discrimination, or which promote lewd behavior, or which bear the use of drugs, alcohol, tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice, or any unlawful acts are prohibited.
3. Clothes shall be sufficient to conceal undergarments at all times. Pants should be sized to fit the waist in order not to sag. Sagging pants are those that do not fit the student’s waistline. Pants should not need a belt to hold them up. See-through or fishnet fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited.

4. Hair shall be clean and neatly groomed. Hair may not be sprayed by any coloring that would drip when wet.

5. A student will not be prohibited from wearing clothing, jewelry or personal items that express self-identification with, or support for, individuals or groups on the basis of the characteristics set forth in California Education Code Section 200, including but not limited to: disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, or sexual orientation.

6. The principal, staff, students, and parent/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

7. No clothing or articles of clothing (including but not limited to gloves, bandanas, shoestrings, wristbands, belts, and jewelry) related to group or gang which may provoke others to acts of violence for example, belt buckles with initials or red, blue, or brown web belts, belts hanging out of pants, red, blue, or other colored shoelaces, bandanas of any type of color, either worn in hair or displayed in clothing, gloves, towels or other items hanging from rear pants pockets or from belt; excessive clothing items of predominately one color, old English style writing on clothing or notebooks are prohibited.

8. Because gang/drug related symbols are constantly changing, definitions of gang/drug related apparel may be reviewed and updated whenever related information is received by administrator and/or school safety committee.

9. Any clothing, apparel, or attire which could be used as a weapon, or could be damaging to school property, including but not limited to steel-toed boots, chain, items with spikes or studs, etc., are prohibited.

10. The approved hats that students are allowed to wear must meet the following criteria: full brim (around the entire hat) with a width of 1.5-4 inches, straw or cloth, white, off white, tan, or plain. School approved baseball caps and beanies are permitted, with a home school logo (without other added design or writing). Baseball caps must be worn in such a manner as to provide protection from the sun facing forward. Approved hats may only be worn while outside the school buildings. Solid color beanies may be worn for protection against cold weather in white, off-white, tan, gray or black.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

**Gang-Related Apparel**

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

**Other**

The Superintendent shall direct all staff members to respect the rights of students to express a problem through proper channels and according to established procedures.
PARENT INVOLVEMENT UNDER FEDERAL AND STATE CATEGORICAL PROGRAMS

Title I, Part A, of the Elementary and Secondary Education Act (ESEA) reauthorized as the Every Student Succeeds Act (ESSA), ensures that local educational agencies (LEAs) and schools provide parents and families of Title I students with the information they need to make well-informed choices for their children including more effectively sharing responsibility for their child’s success, and helping their children’s schools develop effective and successful programs.

All LEAs that receive Title I funds shall conduct outreach to all parents and family members and implement programs, activities, and procedures for the involvement of parents and family members. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

The policy shall be incorporated into the LEA’s plan, developed under Section 1112, establish the agency’s expectations and objectives for meaningful parent and family involvement [ESSA Section 1116 (2)].

2. Each school served under this part shall jointly develop with, and distribute to, parents and family members of participating children a written parent and family engagement policy, agreed on by such parents, that shall describe the means for carrying out the requirements of this section. Parents shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents can understand. Such policy shall be made available to the local community and updated periodically to meet the changing needs of parents and the school [ESSA Section 1116 (b)].

3. As a component of the school-level parent and family engagement policy, each school served under this part shall jointly develop with parents a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State’s high standards [ESSA Section 1116 (d)].

ACCESS TO PUBLIC BENEFITS AND INSURANCE

Written Notification of Parental Rights Regarding Use of Public Benefits or Insurance

This notice is provided to you as parents, legal guardians, surrogate parents or court appointed responsible adult, because your child is receiving medically necessary services while attending school and the school district can seek Federal Financial Participation for reimbursement of the services provided. It is mandatory for school districts to provide prior written notice of your rights and protections when it seeks to use your child's public benefits (i.e., Medi-Cal) or insurance to pay for medically necessary services. This Notice will be given to you before the school district seeks to use your child’s public benefits or insurance for the first time, and annually thereafter.

With your written consent, the school district may submit claims to your child’s public benefits or insurance program such as the California Medi-Cal program or to your private insurance.

The school district cannot require you to sign-up for or enroll in a public benefits or insurance program to receive the Financial Federal reimbursement. The school district cannot require for you to pay out-of-pocket expenses such as the payment of a deductible or co-pay. The school district cannot use your child’s benefits under a public benefits or insurance program if to do so would (1) decrease available life time coverage or any other insured benefit; (2) cause you to pay for services that would otherwise be covered because your child also requires those services outside of school day; (3) increase premiums or lead to the discontinuation of your public benefits or insurance; and (4) cause you to risk loss of eligibility for home and community based waivers based on your total health-related expenditures. (34 CRF Section 300.154(d)(1)(2)(i)-(v) and(e).)

You Have the Right To:

- Voluntarily provide the school district with written consent to disclose educational records containing your child’s personally identifiable information.
- Withdraw your consent to the disclosure of your child’s personally identifiable information to Medi-Cal, other public benefits or insurance programs, or private insurance at any time in accordance with your rights under the Family Educational Rights and Privacy Act (FERPA; Title 20 of the United States Code, Section 12329(g) and Title 34 Code of Federal Regulations Part 99).
- Refuse to provide consent to the disclosure of your child’s personally identifiable information to Medi-Cal, other public benefits or insurance programs, or private insurance for billing purposes.
- If you withdraw your consent or refuse to provide consent for the school district to use Medi-Cal other public benefits or insurance programs, or private insurance to pay for eligible medically necessary services, the school district must continue to ensure that all required medically necessary services are provided at no cost to you.
Dear Parents/Guardians:

The Manteca Unified School District does not provide medical, accident or dental insurance for pupils injured on school premises or through school activities. In accordance with Education Code Section 49472, the District is making available a low cost medical/dental accident insurance program. The purpose of this plan is to provide assistance at a minimum cost to meet some of the expenses for accidental injury. The plan does not provide unlimited coverage but does offer substantial assistance in the event of injury.

There are two levels of benefits available. The “High Option” is recommended if your child has no family coverage or if your private coverage has a high deductible. All plans are available on a “School Time” or “24-Hour” (all day, every day) basis and can cost as little as $11 (one time annual payment). See rates below.

Please visit your child’s school office to obtain a detailed brochure/application, or you may obtain one and sign up online at www.peinsurance.com (click on Products, then Student Insurance).

**NOW AVAILABLE AT NO COST – FREE PRESCRIPTION DRUG CARD – GET ONE AT YOUR CHILD’S SCHOOL OFFICE OR THE WEBSITE ABOVE**

The plans pay the first $500.00 in benefits in addition to other insurance, which can help you meet your primary insurance deductibles and/or co-payments.

Since the District does NOT provide medical/dental accident insurance, we urge that serious consideration be given to the program. If you have further questions, please call Pacific Educators, Inc., Student Accident Department at (800) 722-3365 or (714) 639-0962.

All Plans Are A ONE TIME ANNUAL Payment

☐ YES - I will allow my child to access the Internet using District computers.
☐ NO - I do not want my child to access the Internet using District computers.

By selecting “YES-I will allow my child to access the Internet on District computers” and signing the Consent and Waiver form, my parent/guardian and I agree to abide by the following restrictions. I have discussed these rights and responsibilities with my parent/guardian.

Further, my parent/guardian and I have been advised that Manteca Unified School District, and the school site do not have control of the information on the Internet, although it attempts to provide prudent and available barriers. Other sites accessible via the Internet may contain material that is illegal, defamatory, inaccurate, or potentially offensive to some people. While the District’s intent is to make Internet access available to further school and District educational goals and objectives, account holders will have the ability to access materials which may not be appropriate and meet these goals and objectives. The District believes that the benefits to students to access the Internet, in the form of information resources and opportunities for collaboration, far exceed any disadvantages of access. But ultimately, the parent/guardian of minors are responsible for setting and conveying the standards that their student should follow. To that end, District, and school supports and respects each family’s right to decide whether or not to apply for Manteca Unified School District Data Processing Network (MUSDNet) access. Any questions should be directed to the MUSD Information Technology Department at (209) 858-0911.

The District and school make no warranties of any kind, whether express or implied, for the services it is providing. The District will not be responsible for any damages a user suffers. This includes loss of data resulting from delays, non-deliveries, mis-deliveries or service interruptions caused by the District/school’s negligence or by user’s error or omissions. Use of any information obtained via the Internet is at the user’s own risk. The District and school specifically deny any responsibility for the accuracy of or quality of information obtained through its services. All users need to consider the source of any information they obtain and consider how valid that information may be.

In accordance with the Electronic and Communications Privacy Act of 1986, 18 USCS Section 2510, all students are hereby given notice that there are no facilities provided by MUSDNet for sending or receiving private or confidential electronic communications. No student shall be permitted to bring their own technology to school and connect to the Internet outside of MUSDNet’s filtered system without the approval of the school administration. All messages shall be determined to be readily accessible to the general public. Do not use this system for any communications which the sender intends only for the sender and intended recipients to read. By your use of MUSDNet, you agree to hold harmless the school and District, thereof, against any and all claims arising out of said use, no matter the cause of fault.

REQUIRED SIGNATURES

I understand and will abide by the provisions and conditions of this contract. I understand that any violations of the above provisions may result in disciplinary action, the revoking of my user account, and the appropriate legal action. I also agree to report any misuse of the information system to the school site technology representative, teacher, or administrator. Misuse can come in many forms, but can be viewed as any messages sent or received that indicate or suggest pornography, unethical or illegal solicitation, racism, sexism, inappropriate language, and other issues described in this document. All the rules of conduct described in District or school site policies, procedures, and handbooks apply when I am on the network.

FOR APPLICANTS:

PURPOSE: To comply with the requirements in 20 USC 7427(a), which provides that: “The Secretary shall require that, as part of an application for a grant under this subpart, each applicant shall maintain a file, with respect to each Indian child for whom the local educational agency provides a free public education, that contains a form that sets forth information establishing the status of the child as an Indian child eligible for assistance under this subpart, and that otherwise meets the requirements of subsection (b)”.

MAINTENANCE: A separate ED 506 form is required for each Indian child that was enrolled during the count period. A new ED 506 form does NOT have to be completed each year. All documentation must be maintained in a manner that allows the LEA to be able to discern, for any given year, which students were enrolled in the LEA’s school(s) and counted during the count period indicated in the application.

FOR PARENTS/GUARDIANS:

DEFINITION: Indian means an individual who is (1) A member of an Indian tribe or band, as membership is defined by the Indian tribe or band, including any tribe or band terminated since 1940, and any tribe or band recognized by the State in which the tribe or band resides; (2) A descendant of a parent or grandparent who meets the requirements described in paragraph (1) of this definition; (3) Considered by the Secretary of the Interior to be an Indian for any purpose; (4) An Eskimo, Aleut, or other Alaska Native; or (5) A member of an organized Indian group that received a grant under the Indian Education Act of 1988 as it was in effect on October 19, 1994.

STUDENT INFORMATION: Write the name of the child, date of birth and school name and grade level.

TRIBAL ENROLLMENT INFORMATION: Write the name of the individual with the tribal membership. Only one name is needed for this section, even though multiple persons may have tribal membership. Select only one name: either the child, child’s parent or grandparent, for whom you can provide membership information.

Write the name of the tribe or band of Indians to which the child claims membership. The name does not need to be the official name as it appears exactly on the Department of Interior’s list of federally-recognized tribes, but the name must be recognizable and be of sufficient detail to permit verification of the eligibility of the tribe. Check only one box indicated whether it is a Federally Recognized, State Recognized, Terminated Tribe or Organized Indian Group. If Terminated Tribe or Organized Indian Group is elected, additional documentation is required and must be attached to this form.

- Federally Recognized - an American Indian or Alaska Native tribal entity limited to those indigenous to the U.S. The Department of Interior maintains a list of federally-recognized tribes, which OIE can provide you upon request.
- State Recognized - an American Indian or Alaska Native tribal entity that has recognized status by a State. The U.S. Department of Education does not maintain a master list. It is recommended that you use official state websites only.
- Terminated Tribe - a tribal entity that once had a federally recognized status from the United States Department of Interior and had that designation terminated.
- Organized Indian Group - Member of an organized Indian group that received a grant under the Indian Education Act of 1988 as it was in effect October 19, 1994.

Write the enrollment number establishing the membership of the child, if readily available, or other evidence of membership. If the child is not a member of the tribe and the child’s eligibility is through a parent or grandparent, either write the enrollment number of the parent or grandparent, or provide other proof of membership. Some examples of other proof of membership may include: affidavit from tribe, CDIB card or birth certificate. Write the name and address of the organization that maintains updated and accurate membership data for such tribe or band of Indians.

ATTESTATION STATEMENT: Provide the name, address and email of the parent or guardian of the child. The signature of the parent or guardian of the child verifies the accuracy of the information supplied.

The Department of Education will safeguard personal privacy in its collection, maintenance, use and dissemination of information about individuals and make such information available to the individual in accordance with the requirements of the Privacy Act.

AUTHORIZATION FOR MEDICATION ADMINISTRATION DURING SCHOOL HOURS

In compliance with Education Code Section 49423, no medication will be accepted or administered at school without meeting the following requirements. The procedure for administration of medication by prescription and/or nonprescription/Over The Counter (OTC) medication listed on this form will be expedited as follows:

1. Only medication prescribed by the student’s physician as being necessary to be taken by the student in the manner listed on this form should be brought to school. Form must be complete and include required parent/guardian and prescribing physician signatures.

2. Medication brought to the school to be administered to the student according to the provisions listed on this form shall be in its original prescription container or for nonprescription/OTC medication, in its original manufacturers container, clearly marked with the student’s name, the prescribing physician, and the medication order: medication name, route, dosage, time/frequency, and pharmacy. (Parent may want to ask physician for a prescription for a duplicate supply; one for home and one for school).

3. All medications will be kept in a secure place in the school office. Any special instructions for storage or security measures of any medication should be written by the prescribing physician and delivered to the school office, so that such instructions can be followed.

4. Parent/Guardian or adult student (18 years or older) shall deliver the medication and the completed form to the school office. DO NOT SEND MEDICATION TO SCHOOL WITH THE STUDENT.

5. Parent/Guardian or adult student (18 years or older) shall pick up remaining medication during the last week of school. The school site is not responsible for medication left in the office during the summer.

If continuance of medication is necessary, a new Authorization for Medication Administration During School Hours Form must be completed for each school year, at the beginning of the year.
Section §49423 of the California Education Code allows students to take medications prescribed by a physician during the school day, to be assisted by designated school personnel with the medication, or to carry and self-administer certain medication when authorized in writing by the student’s parent/guardian AND physician.
