School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement

East Union High School is one of five comprehensive high schools in the MUSD. It is a four-year school with a student population of approximately 1,600. The small rural community of French Camp is within the attendance boundaries of East Union High School. Students who attend East Union come from six district feeder schools and two private schools from the surrounding Manteca, French Camp and Lathrop Communities. East Union's mission is to inspire, prepare and empower every student to succeed in our ever-changing world. We provide a safe, supportive and inclusive environment where students master grade level standards through connections, respect and accountability.

Manteca Unified School District strives to coordinate and communicate with the community including police, fire and other governmental agencies, news media, medical agencies, and other community organizations. Community agency programs include fire prevention, water safety, parks and recreation activities, the community gymnasium, bike safety, and our police School Resource Officers.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

School Facility Conditions and Planned Improvements (Most Recent Year)

The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses the Facility Inspection Tool (FIT) instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District Office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings

East Union High School was built in 1965 and has 84 classrooms, a cafeteria, performing arts building, large gym, small gym, library, swimming pool, team rooms, and administration building. Some of the buildings were modernized in 1988, 1996, and 2005. Additions to the library and business classroom were completed in 1970. In 1973, additions to the cafeteria and the art/ceramics classroom were constructed. Portables were added in 1985, 1986, 1992, 1994, 1997, 2000, and 2004. A performing arts building and a science wing were built in 1995. The band room, additional classrooms, and team room addition were built in 2001. In 2008, the boys' locker room was renovated adding air conditioning and new lockers. In 2017, two unused portables were salvaged then removed.

Maintenance and Repair

District maintenance staff ensures that repairs necessary to keep schools in good working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority.

Cleaning Process and Schedule

The District's governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office and at the District Office. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Program

The District allocates funding for deferred maintenance. The Deferred Maintenance Program includes funding for replacement of existing school building components so that the educational process may safely continue. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, wall systems, floor systems, etc. The District's 2019-2020 budget allocated \$640,000 to address deferred maintenance needs throughout the district.

Modernization Projects

The District is currently planning to renovate and modernize its schools based upon the District's 2014 Facility Master plan. As part of that activity there are projects planned at the campus which will be completed through the use of local funds. State funding will also be sought for those projects which may be eligible for modernization funding. The first increment of a \$14.6 million modernization began in June of 2019. This phase constructs a new metal shop and classroom building then modernizes the existing woodshop and agricultural program classrooms. The second phase is scheduled to begin construction during the summer of 2020.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: July 2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Poor	Ceiling panels need replacement. Carpet repairs/replacement to be scheduled as funding is allocated.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	
Electrical: Electrical	Fair	Light diffusers need replacement.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Good	
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	
Overall Rating	Good	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	18	21	28	29	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs (School Year 2018-19)

East Union High School has incorporated segments of the State’s vision of what high schools are to be like in the 21st Century. Incoming freshmen students are participating in Success 101, a class designed to help them select a career path as they move through high school. A career path is developed for each student to prepare for the transition from school to post-secondary options. East Union students are able to enroll in CTE classes on campus in a variety of career pathways. Students also may enroll in district wide CTE capstone courses in a variety of areas. These classes focus on workplace skills that can transfer into any career pathway.

District wide CTE Capstone Courses:

- Administration of Justice
- Automotive Technology I
- Careers with Children
- Computer Programming & Game Design
- Culinary Arts/Food Service & Hospitality
- Fashion Merchandising
- Health Careers
- Interior Design
- MultiMedia

East Union High School Career Pathways:

- Ag Mechanics
- Agriscience
- Business Management
- Family & Human Services
- Financial Services

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Opportunities for Parent Involvement

At East Union High School, we believe our success is the direct result of the support we receive from our parents and the surrounding community via our ELAC Parent group, the East Union School Site Council, A.V.I.D., Athletic and Band Boosters, Sober Grad, and our JROTC Booster clubs. Parents can contact the East Union Administration at (209) 858-7270, follow us on Facebook (<https://www.facebook.com/EastUnionHighSchool/>), or regularly check our website (<http://www.mantecausd.net/schools/high-school/east-union>) to find out how you can get more involved with your child's education.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

School Safety Plan (School Year 2019-20)

All school sites in the Manteca Unified School District annually update the Disaster Plan and School Safety Plan. The plan was revised by Safe Schools Consultants and Site Administration according to the required adoption process with appropriate School Site Council public hearings and School Safety Planning Committee input. Teachers and staff annually receive training on disaster procedures. Teachers and staff received ongoing training throughout the 2019-2020 school year in order to meet the appropriate guidelines established by the state. The safety plans are confirmed and approved by March 1, 2020.

Manteca Unified School District continues to make strides in the improvement of the educational climate and reduced disruptions in the classroom by “putting kids first” and asking the question, “Is it good for the children?” The safety of students and the security of campuses are high priorities in MUSD. School personnel and students participate in monthly disaster preparedness drills including specific procedures for fire, earthquake, flood, civil disturbance, and hazardous chemical situations. The school sites also focus on establishing goals that are needed.

The District has established procedures for submitting complaints against personnel and programs. An information brochure, policies, and forms are available to the public at the school site, on the District’s website, and in all offices. Also, a nondiscrimination/harassment report form is used to help staff in reporting and tracking data.

Our schools work hard to improve academic achievement and provide alternative programming for “at risk” students. In addition, authorized prevention activities include conflict resolution strategies, before and after school programs, and district-wide efforts to prevent illegal gang activities with Drug Free and Tobacco Free School Zones clearly established and posted. Our District seeks grants and utilizes the Health Services Department to meet the health and counseling needs of students.

Number of school days dedicated to Staff Development and Continuous Improvement	84	84	107

Manteca Unified School District continuously analyzes data to determine professional development needs. As a district we then select our major focus areas for staff development for each school year and then plan out our district professional learning calendar. Manteca Unified provides a variety of professional development methods through pull-out days, after-school trainings, conferences, observations, mentoring, and live/archived webinars. In addition, teachers are supported during implementation through in-person coaching, virtual coaching, and principal/staff meetings.
